Title: Over half of the units sold at Ronson's Nautica

Journalist: ---

Over half of the units sold at Ronson's Nautica

Though it is only expected to be completed in about a year, over 50 per-cent of the apartments have already been reserved by preliminary sale contracts at Ronson Development Group's Nautica residential project.

Located on ul. Stryjeńskich in the Ursynów district of Warsaw, close to the Kabacki Forest and not far from Natolin subway station, Nautica comprises two five-storey buildings with 147 units ranging from 32-125 sqm in size. The first stage comprises 71 residential units and the second has 76 dwellings.

The sale of the apartments was launched in November 2008, just after Ronson was given the building permit. Currently 36 units of the first stage have been sold and preliminary purchase contracts for the second stage have been signed for 10 units. The first stage is expected for delivery in February 2010, while completion of stage two is planned for June 2010.

Ronson Development Group will hold an open house at Nautica on the weekend of March 28 and 29 from 10 am to 2 pm.
