Free finishing at Gardenia

Ronson Development will provide free finishing for clients that decide to buy a house in the developer's Gardenia residential estate by the end of October. The estate is located in Józefostaw, 15 km south of Warsaw, near Kabaty Forest. Construction work on the site of the project is close to completion, and one already finished house is being used for exhibition purposes. Delivery of the scheme is planned for Q4 2009.
